

# Quality Policy

The General Authority for Statistics (GASTAT) is committed to enhancing the implementation of quality standards by monitoring the performance of its various departments and ensuring effective coordination between GASTAT and relevant external entities with precision and professionalism.

To achieve its goals and translate them into tangible outcomes, GASTAT focuses on attracting exceptional administrative, technical, and advisory talent, creating a supportive work environment, providing continuous training and development for its staff, and fostering a leadership-driven administrative team. This approach ensures compliance with the requirements of the Quality Management System in line with the international standard ISO 9001:2015, while also maintaining the adoption of institutional excellence standards and open communication channels with beneficiaries.

GASTAT conducts regular administrative follow-ups and periodic reviews of quality objectives to ensure the consistent and effective implementation of the Quality Management System.
