

Broilers specialized farms in the Kingdom 2020

The total amount of broilers produced in the Kingdom's broilers specialized farms was 1,107 thousand tons (Figure1). The share of sold broilers reached 97% with a sold production value of 9.6 billion SAR. Riyadh region ranked first, with 227 thousand tons of broilers produced, and a percentage of 21%. Qassim region ranked second, with 222 thousand tons, followed by Hail, with 221 thousand tons.

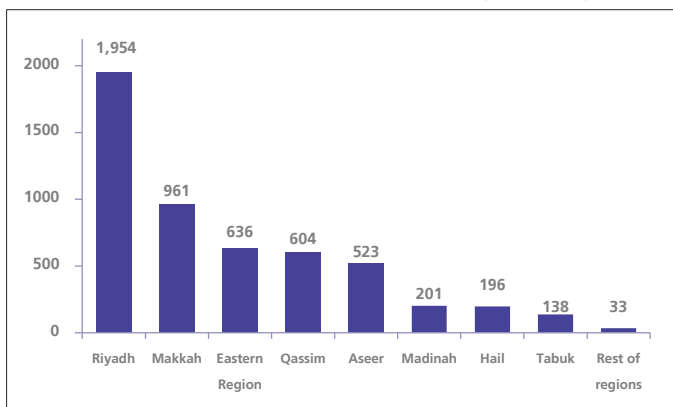

Figure1: Total amount of produced broilers (Thousand tons)

Layers specialized farms in the Kingdom 2020

The total number of table eggs produced in the Kingdom's layers specialized farms was 5,246 million. Percentage of sold layers reached 96.4%. Riyadh region ranked first with 34% of the total table egg produced in the Kingdom in 2020 (Figure2).

Figure2: Total number of produced table eggs (Million eggs)

Cows specialized farms in the Kingdom 2020

The total quantity of raw milk produced in the Kingdom's cow specialized farms was 2.8 billion liters in 2020. Riyadh region ranked first with 1.7 billion liters of raw milk produced and a percentage of 60% of the total quantity of raw milk produced in the Kingdom's cow farms.

Fish farming specialized farms in the Kingdom 2020

The total production of fish in the Kingdom's fish farming specialized farms was 81.3 thousand tons. Shrimp production was the highest at 59.7 thousand tons (73.4%), followed by tilapia with a production amount of 14.3 thousand tons and European Seabream production with an amount of 3,000 tons.

Fodder used for specialized agricultural projects in the Kingdom in 2020

The quantity of fodder used in the broilers farms amounted to 2,423 thousand tons with a value of 3.3 billion SAR, and the fodder used in layers farms amounted to 1,995 thousand tons with a value of 2.4 billion SAR. However, the quantity of fodder used in cow farms amounted to 1,139 thousand tons, with a value of 1.2 billion SAR, whereas the fodder used in fish farming specialized farms amounted to 121 thousand tons with 165 million SAR.

Number of specialized agricultural projects

The total number of broilers specialized farms in the Kingdom was 392., whereas fish farming specialized farms recorded 67 farms. However, cow specialized farms amounted to 33, and layers specialized farms recorded 138 in 2020 (figure3).

Figure3: Number of specialized agricultural projects

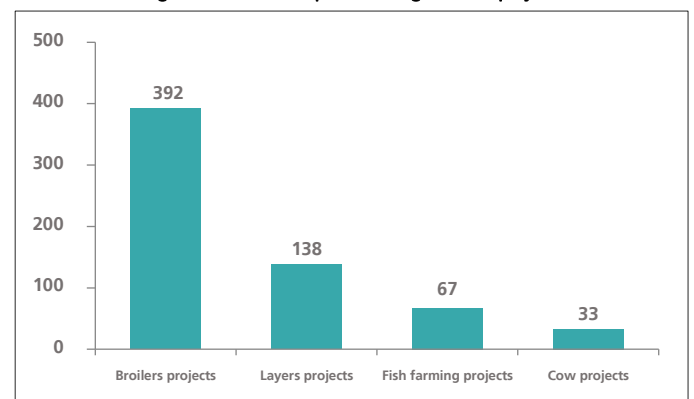

Table1: Key indicators of the specialized agricultural projects survey 2020

Main indicators	Unit	Quantity, number and value
Number of cows in cows specialized farms	Number	411,936
Quantity of raw milk produced in cows specialized farms	billion liters	2.8
value of broilers sold production	Billion SAR	9.6
Value of table eggs in layers farms	Billion SAR	2.2
Quantity of fish production in fish farming specialized farms	Thousand tons	81.3
Value of sold chicks in Hatchery projects	Billion SAR	1.6
Quantity of fish production in fish farming specialized farms	Number	6,243
Quantity of fish production in fish farming specialized farms	Ton	738
