Key road transport indicators

Key indicators	2024	2025	Unit
Number of arriving and departing passengers through land ports	65.9	70.7	Million passengers
Quantity of freight exports through land ports	13.5	14.3	Million tons
Quantity of freight imports through land ports	12.2	12.5	Million tons
Serious traffic accidents	17,231	17,805	Number
Traffic accident fatalities	4,113	4,448	Number
Traffic accident injuries	24,077	24,290	Number
Number of registered and roadworthy vehicles	15.8	16.7	Million vehicles
Number of new driving licenses issued during the year	1,270.5	1,167.8	Thousand licenses

Methodology and quality

Road Transport Statistics is an annual publication that provides statistics and indicators on passenger traffic, freight traffic, road infrastructure, and road traffic. It serves as a reliable reference for conducting studies and research in road transport, as well as for local, regional, and international comparisons. In addition, it is based on administrative records from a number of government and private entities, as well as statistical models. Methodology and quality
