

Quality Policy

The General Authority for Statistics (GASTAT) is dedicated to enhancing the implementation of quality standards to monitor the performance of its various departments and to coordinate with relevant external entities accurately and professionally.

GASTAT seeks to attract exceptional administrative, technical, and advisory staff in order to achieve its objectives and turn them into observable results. In order to guarantee adherence to the requirements of the Quality Management System as per the International Standard (ISO 9001:2015), GASTAT seeks to create a favorable work environment, continuously train and develop its employees, and build an administrative team with strong leadership skills. Additionally, GASTAT is committed to continuously adopting institutional excellence standards and maintaining constant communication channels with beneficiaries.

GASTAT conducts regular administrative monitoring and reviews of quality objectives to ensure efficient and effective implementation of the Quality Management System.
